Every year arthritis costs
New Zealand an estimated

\$3.2 billion

Women are more affected
by arthritis than men.

1 in every 1000 children

is affected by juvenile arthritis.

81,000 people

aged 65 and over have gout.

The number of people in
New Zealand with arthritis
is growing.

President's Report

Over the past year I have lost count of the number of times I've been told that Arthritis New Zealand is a great organisation. Each time my chest puffs a little bit more, knowing that so many staff and volunteers have worked hard to build it. We should be proud of our reputation, but to retain it, we cannot stand still. Being prepared to change helps us grow our reputation as well as our reach.

The review of our strategic plan meant asking ourselves and our stakeholders challenging questions to clarify the new direction we need to take in order to implement our vision.

We are here to support and advocate for all people affected by arthritis. We are very conscious that those numbers will increase as the population ages. One of the hard questions we face is "What is our role?" in an increasingly digital and technology-driven age. It is not possible for us to run exercise classes for half a million people, for instance, but it is our place to ensure such classes are available. This is a significant change and reinforces our need to advocate at the national level as well as locally. Such advocacy can only be achieved in partnership with people like you.

I want to acknowledge the significant contribution Sandra Kirby has made as Chief Executive. When people refer to the good standing of our organisation, they inevitably mention Sandra's excellent leadership. We wish her well as she takes on a new challenge, and hope to stay connected.

Thank you for your support this past year and I look forward to working with you in future.

Peter Larmer
President

Governing Body

Governing Body members represent the interests of the organisation's members, volunteers, the wider community, donors and supporters.

Members 2016/2017

Peter Larmer
President

Digna Toresen
Vice President

Joe Stanton

Appointed member

Left to right: Joe Stanton, Martin Lenart, Digna Toresen, Laurie Breadmore, Roy Tiffin, Peter Larmer, Steve Renata (front).

Absent: Christina Billing, Cate Grace and Rebecca Grainger.

MEDICAL ADVISOR - Associate Professor Andrew Harrison

Andrew has been practising rheumatology for more than 20 years. He is an Associate Professor in Medicine at the University of Otago Wellington, Clinical Leader of Research at the Capital & Coast DHB and past-President of the New Zealand Rheumatology Association.

PATRON - Dame Patsy Reddy

Her Excellency the Right Honourable Dame Patsy Reddy agreed to become Patron of Arthritis New Zealand in late 2016 following her appointment as Governor-General of New Zealand.

Chief Executive's Review

Kia ora

Every one of the nine years I have spent at Arthritis New Zealand has been challenging and this one was no exception.

One of the highs was achieving recognition in the New Zealand Health Strategy that arthritis is a leading contributor to health costs. This has been an organisational goal for years. The next step is to make sure investment follows recognition – we are not there yet.

Our most significant challenge is lack of income, particularly from bequests which were at their lowest this year since 2002. While other income streams have held steady, they are not sufficient to sustain the organisation and we are fortunate to have sufficient

reserves to survive this rainy day period.

Our client contact numbers have remained high, although people are engaging with us in different ways now. Fewer people attend seminars; more use the phone, the website or the digital app for managing osteoarthritis that was introduced this year. We are keen to develop webinars as another way to meet the new demand for services.

We are proud of our increased reach to Māori and Pacific people with arthritis – especially gout – and people who attended our exercise classes really benefited from them. But we are barely touching the tip of the iceberg when we consider the 624,000 New Zealand

adults living with arthritis who could benefit from our services.

Our strategic planning consultation told us that we have to work differently. To that end, we are committed to partnering with other agencies, such as Māori and Pacific health providers, Age Concern and local councils, to link people to community support networks or appropriate exercise programmes.

We restructured the organisation and reduced staff numbers in the second half of the year to help us meet the new strategic plan. Even with fewer staff, we are reliant on community fundraising to be sustainable and cover our costs.

As I leave Arthritis New Zealand after nine very special years I know the organisation is in good heart and in good hands. Thank you to the members, volunteers, people living with arthritis, Governing Body and staff members who give generously of your time, resources and talents to make this organisation exceptional.

Hei konā me ngā mihi

Sandra Kirby

A New Direction

Arthritis New Zealand changed this year from a regional structure to a national organisation operating from three sites – Auckland, Wellington, and Christchurch.

Our purpose and values remain unchanged. We aim to improve the life of every person affected by arthritis by raising awareness, advocating for those with arthritis, and providing advice and support. We also fund research, contribute to health policy, and partner with healthcare professionals and other community agencies.

Our digital presence is now our primary means of communication with those who have arthritis and with the wider public. Through our website and Facebook page, we provide comprehensive information about arthritis and raise awareness about our organisation.

Advocacy received a boost with the restructure of the organisation and the formation of a new team dedicated to being a voice for people with arthritis at a national level as well as locally.

Instead of running exercises classes ourselves, we now work with volunteers and other agencies to ensure programmes are provided for people with arthritis in their own community.

Our services include:

A national toll-free number 0800 663 463 with information about all forms of arthritis, treatments, pain management, nutrition exercise and access to other support services

Information and advice on our website and on Facebook

Online, phone and local support groups

The Support for Newly Diagnosed service – a chance to talk with someone who has the same condition

Community development – working with other community agencies to support people with arthritis

Promoting issues that are important to people affected by arthritis.

Five national teams now carry out the work of Arthritis New Zealand:

The health advisory services and research team

consists of the arthritis educators who answer 0800 enquiries and facilitate clinics and workshops, and a primary care liaison person whose role is to connect with healthcare professionals. This team also manages the research grants programme.

The community development team liaises with volunteers, support groups and community agencies. The Pacific and Māori community development coordinators are part of this team.

The awareness and advocacy team is responsible for raising awareness and advocating on behalf of people with arthritis; it includes a public policy advisor, and two communications coordinators (one digital).

The philanthropy team generates income for the whole organisation through fundraising, bequests, sponsorship, donor mail and grant funding.

Corporate services underpin the other teams with financial services, administration and IT support.

Focus Areas

This annual report focuses on three main areas to highlight our achievements this year and the changes to our strategic plan. These are digital services, children and youth, and Māori and Pacific people.

01 DIGITAL SERVICES A new way to deliver services

One of the challenges our new strategic plan seeks to address is that only a small proportion of the 624,000 people living with arthritis in New Zealand have direct access to our services. Fewer people attend our seminars and the number of weekly exercise classes we can support in the community is decreasing.

These factors, combined with people's increasing reliance on digital technology for information and advice, mean we have to come up with new ways to deliver services. Hence our emphasis on the 0800 phone line, our website, and social media as the primary channels for our message that we are here for everyone affected by arthritis.

Our first webinar in April was a huge success and showed us what can be done to reach people who are scattered across the country with helpful advice and information.

Another highlight was the launch of the Managing Osteoarthritis online programme (MOA) in partnership with Melon Health. This is funded by the Ministry of Health as part of its Mobility Action Programmes and is currently being piloted in five DHB areas. The app gives users access to an online community and personal health coach – one of our arthritis educators. Users can also track their mood and symptoms, keep a food and exercise diary and browse other resources.

“You feel like you’re not on your own – there are lots of people out there with the same problems.”

ONLINE TOOL A GODSEND

For Sandra Thomas, a 52-year-old with osteoarthritis, the MOA online programme is proving to be a godsend.

Sandra lives in a small rural community which lacks permanent medical support. She’s been told that her osteoarthritis of the hip, while extremely painful, is not severe enough for her to be seen by the hospital.

“Having a MOA coach makes all the difference. It’s very helpful to be able to speak to her, and I can message her at any time. She has explained a lot of things that I didn’t know the answers to,” Sandra said.

Sandra also values the sense of community MOA provides. She finds it motivates her to share her experiences and support others with osteoarthritis.

02 CHILDREN AND YOUNG PEOPLE

Jacob's story

Jacob was just like any other active, sports-mad Kiwi kid until he was diagnosed with ankylosing spondylitis at the age of 11.

Life changed completely. Jacob woke up screaming in pain every night and he wasn't able to do many of the things he enjoyed.

Jacob often felt left out and his condition was difficult to explain – after all, isn't arthritis just for old people? He worried that because he had few physical symptoms, people might think he was faking his condition just to get time off school. In fact, there were the endless blood tests, doctor's appointments, physio sessions and the exhausting process of trying one medication after another to find one that worked.

Our annual Children's Camp was an eye-opener for Jacob. Along with other children and young people living with arthritis, he was free to enjoy all sorts of physical activities, while his mum learnt all she could about his condition and talked with other parents.

"It was unbelievably beneficial to me and my mum. I wasn't alone and I had the proof right in front of me. I could see that just because I had arthritis, it didn't mean I couldn't have fun."

Now aged 19 and studying law, Jacob says the camps have been a highlight of his journey growing up with arthritis. He still goes back every year to support and encourage other children and their families.

He's grateful to Arthritis New Zealand, along with his friends, family and medical team for helping him live as close to an 'arthritis-free life' as possible.

"I wouldn't change it for the world; it is part of me and my life... I'm not alone in this journey and being diagnosed with arthritis is not the end of the world; but rather it is a bump in the road that can be overcome. They have shown me that I can still have a normal life."

"Just because I had arthritis, it didn't mean I couldn't have fun."

Jacob (centre) with his mother Digna Toresen (right) and Sandra Kirby.

YOUTH LEADERS WEEKEND

For nine young people with arthritis, a few days together in October was a great opportunity to develop their skills and knowledge as youth leaders. It also gave them a chance to meet with and learn from others who are living with arthritis.

STAGE SHOW 'ORANGE'

The stage production Orange, produced by Geraldine Brophy and performed in Auckland, enabled young adults with arthritis to express themselves creatively alongside professional actors to raise awareness of the condition.

Annual Children's Camp

In early March, 29 families, six youth leaders and a number of volunteers gathered in Matamata for the annual Children's Camp – a weekend full of information and fun. Once again, the hydroslide was a favourite activity.

Adventure

03 MĀORI AND PACIFIC PEOPLE

Building relationships

One of our goals is that Māori and Pacific people diagnosed with gout and other forms of arthritis have access to the support and services they need. This year 18 percent of all clients identified as Māori and 14 percent as Pacific, and we know that gout is twice as prevalent among these groups as other ethnicities.

The Gout Stop programme in Northland is a cross-sector initiative driven by the Manaia Health PHO in partnership with community pharmacies, and GPs. Our role is to provide gout education and support by phone to help people manage their gout. A video about the programme is being used to teach medical doctors and medical students, and a series of gout clinics in the Hokianga helped to reinforce the message.

By identifying and training community gout champions, we will continue to reach out to Māori and Pacific whānau with the message that gout is a manageable form of arthritis.

We have also attended major Māori health expos, festivals and cultural events such as Te Rā o te Raukura in Lower Hutt, Rātana celebrations, and Te Matatini, the kapa haka festival in the Hawkes Bay. These events are a good opportunity to give individuals information about arthritis, raise awareness and build relationships with Māori health providers.

Our strategic planning consultation called for a change in the way we work among Māori and Pacific groups. We are now using a community development approach to support Māori and Pacific organisations to meet the needs of these priority populations.

Left: Arthritis Educator Georgia Grant-Mackie spread the word about gout at clinics in the Hokianga. Far right - Eve Moana was one of 50,000 people who attended Te Matatini, the national kapa haka festival in the Hawkes Bay

MARY-DIANE'S STORY

Mary-Diane, now aged 40, had her first gout attack at age 14 and endured many episodes of unbearable pain before she gained relief through the Gout Stop programme in Northland.

It was her community pharmacist who convinced her to sign up for a preventative treatment programme. "She reassured me that it would be OK and talked me

through it. She's friendly and gives me all the information I need. I know I can trust her."

Mary-Diane says being on the right medication has done wonders to her life so she's persuaded other members of her family to join the programme too.

"Gout is the one thing that can bring a grown person to tears – even a man."

Acknowledgments

We are very grateful to the many individuals, corporates and organisations that continue to give generously to Arthritis New Zealand. Those listed below are but a few of the supporters whose financial support is vital to us.

MAJOR SPONSORS

Abbvie Limited, Blackmores New Zealand, BUPA New Zealand, Douglas Pharmaceuticals, Life Pharmacy, New Zealand Lotteries Grants Board, Pfizer New Zealand, Unichem.

SUPPORTERS

Orangebox, Signature Marketing, Z Good in the Hood.

thank
you

PARTNERSHIPS IN ACTION

Arthritis New Zealand values the partnerships we have with our corporate supporters and their staff.

The BNZ Closed for Good volunteers spent the day in all three of our offices, packing, sorting and preparing materials for our annual appeal.

We were delighted to be selected again by a number of Z service stations as part of their Good in the Hood campaign. This initiative has a huge profile and our staff and volunteers enjoy being concierge for a day on forecourts across the country.

BNZ's Closed for Good volunteers (top) and the Good in the Hood promotion (above).

I would walk 500 miles...

One of the people who put in a tremendous effort on our behalf was Kazushi Noiri, an Otago Polytechnic nursing student who walked from Bluff to Cape Reinga to raise awareness and funds for our cause.

Kaz took 66 days to walk the 2,244kms and raised just over \$10,000. As a volunteer with an aged care organisation, he knew first-hand the challenges people with arthritis face every day.

“Working with patients has shown me how hard everyday life can be for people with arthritis. So I decided to put some effort into spreading awareness and to support Arthritis New Zealand.”

.....

Thank you Kaz! We're so grateful for people like you.

Personal Stories

A HELL OF A DISEASE

Margaret, 79, has three forms of arthritis: osteoarthritis, rheumatoid arthritis and polymyalgia, but that doesn't hold her back from enjoying life.

Margaret first developed arthritis in her thirties, when most people thought of it as an old person's disease. "I felt embarrassed I was getting arthritis when I was so young. I didn't want anyone to know."

Even though medication now brings some relief, Margaret has endured times of great pain. She says it's a "hell of a disease" as the pain feels like glass in the joints.

Margaret doesn't like to dwell on the tough times, though. Even when she's feeling unwell, she focuses on the things she enjoys – like swimming. She knows that exercise will help her keep her mobility in the long term.

She began with aqua jogging and gradually increased her time in the pool, giving herself a hot-tub treat at the end of a session. "The water is amazing and has all sorts of benefits."

Margaret values the encouragement she had from an Arthritis Educator and now has some good advice for others – take your medication, keep exercising and seek support.

"Arthritis is incredibly painful, demoralising, and depressing if you let it control you."

"You've got to fight arthritis, keep going otherwise it'll get you."

ARTHRITIS DOES NOT OWN ME

Kylie was devastated when she was first diagnosed with rheumatoid arthritis in her mid-20s. She works with her hands in a creative industry and remembers thinking, "What on earth will life and my career be like now?"

After the initial shock, she decided she needed to 'own' her condition and not let it stop her living life to the fullest, although her positive attitude has been tested at times.

Once, her hair fell out when she reacted to medication; revealing her condition to boyfriends has led to some awkward moments and less than helpful responses. Opening jars and other packaging is an ongoing difficulty.

"Most people would not know from looking at me that I have arthritis... It's those little everyday things that people take for granted, and don't think about, or never consider could be a problem."

Kylie has learnt the importance of looking after herself – keeping warm, eating well, sleeping well, exercising, and ditching fashionable shoes for more practical footwear. Mindfulness has also helped.

"I listen to my body, accept where it might be sore, work out ways to do things and continue to live life independently. When I'm feeling tired, I slow down, but do not cease. I own my rheumatoid, it does not own me, and I want to live to a ripe old age."

"I own my rheumatoid, it does not own me, and I want to live to a ripe old age."

Financial Summary

Arthritis New Zealand recorded a net operating deficit of \$640,890 to 30 June 2017 compared with a deficit of \$514,847 in the previous year.

REVENUE SOURCES

	2017	2016
Donations, appeals and fundraising	23%	17%
Sponsorship and grants	23%	26%
Bequests	13%	18%
DHB funding	21%	17%
Investment income	14%	17%
Member subscriptions	2%	2%
Other income	4%	3%

OPERATING EXPENDITURE

	2017	2016
Services and programmes	42%	43%
Programme support	33%	33%
Fundraising costs	17%	15%
Research grants	4%	6%
Depreciation	2%	1%
Governance and audit	2%	2%

This is once again a very disappointing result and confirms the impact of the drop in bequest income – the lowest in 15 years. Revenue from other sources was consistent with previous years, while operating expenses were significantly lower as we undertook a major restructure to rationalise resources and reduce costs.

In spite of the drop in revenue, and the consequent reduction in net assets, Arthritis New Zealand still remains in a reasonably strong financial position. With new strategic priorities in place, we continue to focus on the need to find new sources of regular income to meet the cost of delivering quality services.

Rob Mitchell
Corporate Services Manager

INDEPENDENT AUDITOR'S REPORT

To the members of Arthritis Foundation of New Zealand Incorporated.

We have audited the accompanying financial statements of Arthritis Foundation of New Zealand Incorporated (the Foundation) on pages 16 to 29. The financial statements comprise the statement of financial position as at 30 June 2017; the statements of comprehensive revenue and expense, changes in equity and cash flows for the year then ended; and notes, including a summary of significant accounting policies and other explanatory information.

Opinion

In our opinion, the financial statements on pages 16 to 29 present fairly in all material respects the Foundation's financial position as at 30 June 2017 and its financial performance and cash flows for the year ended on that date; and comply with Public Benefit Entity Standards Reduced Disclosure Regime (Not For Profit).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (New Zealand). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Foundation in accordance with Professional and Ethical Standard 1 (Revised) Code of Ethics for Assurance Practitioners issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. Other than in our capacity as auditor we have no relationship with, or interests in, the Foundation.

Other information

The Governing Body, on behalf of the Foundation, is responsible for the other information included in the entity's financial statements. Our opinion on the financial statements does not cover any other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Use of this report

This report is made solely to members as a body. Our audit work has been undertaken so that we might state to the members those matters we are required to state to them in the independent auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members as a body for our audit work, this report or any of the opinions we have formed.

The Governing Body's responsibility for the financial statements

The Governing Body is responsible on behalf of the Foundation for the preparation and fair presentation of the financial statements in accordance with generally accepted accounting practice in New Zealand (being Public Benefit Entity Standards Reduced Disclosure Regime (Not For Profit)); implementing necessary internal control to enable the preparation of a set of financial statements that is fairly presented and free from material misstatement, whether due to fraud or error; and assessing the ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibility

Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs NZ will always detect a material misstatement when it exists. Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. A further description of our responsibilities for the audit of these financial statements is located at the External Reporting Board (XRB) website at: www.xrb.govt.nz/Site/Auditing_Assurance_Standards/Current_Standards/Page8.aspx. This description forms part of our independent auditor's report.

Cash was applied to:			
Payments to suppliers		1,460,424	1,947,758
Payments to employees and volunteers		2,173,042	2,455,371
Research grants paid		148,590	270,085
		3,782,056	4,673,214
Net cash inflow/(outflow) from operating activities	18	(1,083,290)	(1,475,094)
Cash flows from investing activities			
Cash was provided from:			
Sale of property, furniture and equipment		–	4,696
Interest and dividends received		257,089	299,206
Sale of investments		715,861	1,671,334
		972,950	1,975,236
Cash was applied to:			
Purchase of property, plant and equipment		–	130,705
Purchase of investments		–	965,972
		–	1,096,677
Net cash inflow from investing activities		972,950	878,559
Net increase/(decrease) in cash and cash equivalents		(110,340)	(596,535)
Cash and cash equivalents at 1 July		441,425	1,037,960
Cash and cash equivalents at 30 June	8	331,085	441,425

The accompanying notes on pages 20 to 29 form part of and should be read in conjunction with these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

1. REPORTING ENTITY

The Arthritis Foundation of New Zealand Inc (the Foundation) is registered under the Incorporated Societies Act 1908 and the Charities Act 2005 and is domiciled in New Zealand. It operates under the name Arthritis New Zealand.

The principal activity of the Foundation is to raise awareness and provide advocacy, information, education, and support services for people affected by arthritis.

The financial statements of the Foundation are for the year ended 30 June 2017. The financial statements were authorised for issue by the Governing Body on 25th September 2017.

2. BASIS OF PREPARATION

Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand (NZGAAP). They comply with the PBE Accounting Standards as appropriate for Tier 2 not-for-profit public benefit entities. The Foundation is a Tier 2 reporting entity as it is not publicly accountable and is not large as it has total expenditure of less than \$30 million in the two preceding reporting periods.

Basis of measurement

The financial statements are prepared on the historical cost basis, except for financial instruments that are classified as available-for-sale which are stated at their fair value.

Presentation currency

These financial statements are presented in New Zealand dollars (\$).

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements. Certain comparative amounts have been reclassified to conform with the current year's presentation.

Revenue

Grant funding (Non-exchange)

The recognition of non-exchange revenue from grants depends on whether the grant comes with any stipulations imposed on the use of a transferred asset. Stipulations that are 'conditions' specifically require the Foundation to return the resources

received if they are not used in the way stipulated. Grants received that are subject to conditions are initially recognised as a liability and revenue is recognised only when the services are performed or conditions are fulfilled.

Stipulations that are 'restrictions' do not specifically require the Foundation to return the resources received if they are not utilised in the way stipulated and are recognised as received.

Bequests (Non-exchange)

Revenue from bequests is recognised when the bequest funds are received unless there is an attached condition. Where a bequest is given with specified restriction, the funds received are placed in an appropriate reserve fund and applied to expenditure that meets the specified restriction.

Services provided (Exchange)

Revenue from services rendered is recognised in the Statement of Comprehensive Revenue and Expense as services are provided.

Member subscriptions (Exchange)

Member subscriptions are recognised in the membership period to which they relate.

Cash contributions from the community (Non-exchange)

Cash contributions from the community in the form of general donations and appeals are recognised in the Statement of Comprehensive Revenue and Expense at the point at which they are receipted into the Foundation's bank account.

Expenses

Operating lease payments

Payments made under operating leases are recognised in the Statement of Comprehensive Revenue and Expense on a straight-line basis over the term of the lease. Lease incentives received are recognised in the Statement of Comprehensive Revenue and Expense over the lease term as an integral part of the total lease expense.

Finance income

Finance income comprises dividend and interest income. Interest income is recognised as it accrues, using the effective interest method.

Income tax

The Foundation is registered as a Charitable Foundation and is exempt from Income Tax. The Foundation is not exempt from indirect tax legislation such as Goods and Services Tax, Fringe Benefit Tax, PAYE or ACC and accordingly it is required to comply with these regulations.

Goods and Services Tax

All amounts are shown exclusive of Goods and Services Tax (GST), except for receivables and payables that are stated inclusive of GST.

Investments

Shares and managed bond funds

The Foundation's investments in shares and managed bond funds are classified as available-for-sale financial assets. Subsequent to initial recognition, they are measured at fair value which is based on listed market information. The fair value of these investments is their quoted bid price at the end of the reporting period.

Changes in fair value, other than impairment losses, are recognised within reserves in equity. An equity investment is considered impaired when its fair value has decreased by more than 20% of its cost or its fair value has been below its cost for a prolonged period exceeding 9 months. Such loss is recorded in the Statement of Comprehensive Revenue and Expense. When an investment is sold, the cumulative gain or loss previously recognised in equity is transferred to Statement of Comprehensive Revenue and Expense.

Term deposits

The Foundation's investments in term deposits are classified as held-to-maturity investments. They are measured at amortised cost and it is the Foundation's policy to hold these investments until maturity date.

Property, furniture and equipment

Items of property, furniture and equipment are stated at cost, less accumulated depreciation and impairment losses. Depreciation is charged to the Statement of Comprehensive Revenue and Expense using the straight line method. Depreciation is set at rates that will write off the cost or fair value of the assets, less their estimated residual values, over their useful lives. The residual value of assets is reassessed annually.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances, foreign currency call accounts and short-term deposits with a maturity of 3 months or less from acquisition date.

Impairment

The carrying amounts of the Foundation's assets are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable

amount. Impairment losses directly reduce the carrying amount of assets and are recognised in the Statement of Comprehensive Revenue and Expense.

Estimated recoverable amount of other assets, e.g. property, furniture and equipment, is the greater of their fair value less costs to sell and value in use. Value in use is determined by estimating future cash flows from the use and ultimate disposal of the asset and discounting these to their present value using a pre-tax discount rate that reflects current market rates and the risks specific to the asset. The assets of the Foundation are used in providing the Foundation services and are therefore considered for impairment on the overall performance of the Foundation.

Provisions

A provision is recognised when the Foundation has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax discount rate that reflects current market rates and, where appropriate, the risks specific to the liability.

4. FINANCIAL RISK MANAGEMENT

The Foundation is subject to market risk (including currency risk and price risk), credit risk, cash flow interest rate risk and liquidity risk. The Foundation does not have any derivatives.

Market risk

The Foundation invests in cash in bank accounts, fixed interest investments and equities. Investments are constantly monitored by the Foundation. There has been no change to the Foundation's exposure to market risks or the manner in which it manages and measures the risk.

Foreign currency risk

The Foundation is exposed to currency risk on its Australian investments. The Governing Body does not consider this to be a significant financial risk for the Foundation and accordingly, no sensitivity analysis is provided. The Foundation has no other exposure to foreign currency risk.

Price risk

The Foundation has moderate exposure to price risk through its investments in New Zealand and Australian equities. This risk is managed by holding a diversified portfolio across a broad range of companies. The Foundation has no other exposure to price risk. A 10% change in price will increase/decrease the value of investments held at reporting

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

date by \$364,090 (2016: \$368,675) with corresponding increase/decrease in the reserves.

Interest rate risk

The Foundation has minimal exposure to interest rate risk on financial liabilities as it does not have borrowings which are subject to interest charge. The sensitivity below has been determined based on the exposure to interest rates on the book value of interest-bearing financial instruments at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 50 basis point increase or decrease in interest rate is used. At reporting date, if the interest rate had been 50 basis points higher or lower and all other variables held constant, the surplus would increase/decrease by \$18,553 (2016: \$21,097).

Credit risk

Credit risk is the risk that the counterparty to a transaction with the Foundation will fail to discharge its obligations, causing the Foundation to incur a financial loss.

Financial Instruments, which potentially subject the Foundation to credit risk, consist principally of bank balances, trade and other receivables, and managed bond funds. The carrying amounts of these items reflected in the Statement of Financial Position represent the Foundation's maximum exposure to credit risk for such loans and receivables. The Foundation does not have any guarantees. The Foundation continuously monitors its exposure to credit risk.

Liquidity risk

Liquidity risk is the risk that the Foundation will have insufficient funds on hand to meet its commitments. The Foundation actively monitors its liquidity position to ensure that sufficient funds are available to meet its liabilities as they arise.

The Foundation deems that exposure to liquidity risk is minimal due to minimal long term liabilities. Short term liquidity risk is managed through maintaining adequate reserves and cash to match financial liabilities. The Foundation continuously monitors forecast and actual cash flows and matches the maturity profiles of financial assets and obligations.

5. PROPERTY, FURNITURE AND EQUIPMENT

	Furniture & Equipment	Improvements to Leasehold Premises	Land & Buildings	Total
2017				
Cost at 1 July 2016	565,779	111,680	650,000	1,327,459
Additions	-	-	-	-
Disposals	(18,999)	-	-	(18,999)
Cost at 30 June 2017	546,780	111,680	650,000	1,308,460
Accumulated depreciation at 1 July 2016	462,939	1,551	180,375	644,865
Current year depreciation	46,412	18,617	19,500	84,529
Disposals	(17,317)	-	-	(17,317)
Accumulated depreciation at 30 June 2017	492,034	20,168	199,875	712,077
Carrying value	54,746	91,512	450,125	596,383
2016				
Cost	565,779	111,680	650,000	1,327,459
Accumulated depreciation	462,939	1,551	180,375	644,865
Carrying value	102,840	110,129	469,625	682,594
Prior year depreciation	51,796	1,551	19,500	72,847

The estimated useful lives of major classes of assets and resulting rates of depreciation are as follows:
Office Furniture & Equipment 10-30% SL, Improvements to Leasehold Premises 17% SL, Buildings 3% SL.

6. INVESTMENTS

	2017	2016
General and special purpose funds		
Shares	1,573,742	1,602,770
Units in managed bond funds	1,798,869	2,354,599
	3,372,611	3,957,369
Research funds		
Shares	2,067,162	2,083,984
Units in managed bond funds	1,586,859	1,330,175
	3,654,021	3,414,159
Total investments – non-current	7,026,632	7,371,528
Research funds		
Term deposits	–	102,232
Total investments – current	–	102,232
Total investments	7,026,632	7,473,760

The Foundation holds investments in listed New Zealand and Australian companies and managed bond funds. These investments are held as available-for-sale investments which mean that they are recorded at fair value which is the market price at balance date. These investments are considered to be Level 1 in the fair value hierarchy, whereby market prices are readily available.

7. TRADE AND OTHER RECEIVABLES

Trade receivables	67,367	86,802
Prepayments	12,761	863
Sundry receivables	2,100	10,153
GST receivable	16,559	4,554
	98,787	102,372

8. CASH AND CASH EQUIVALENTS

General and special purpose funds		
Bank balances	274,505	426,251
Research funds		
Bank balances	56,580	15,175
Total cash and cash equivalents	331,085	441,425

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

9. EQUITY

Research Fund

This fund comprises the National and Auckland General Research Funds and the Wellington Osteoporosis Research Fund and is maintained to ensure a continuing source of financial contribution toward the cost of grants provided by the Foundation for quantitative and qualitative research studies in the field of arthritis. The fund receives contributions from specified bequests, donations and income earned on the capital sum invested. Grants from the fund are considered by the Governing Body each year following an advertising, review and recommendation process completed by the Research Grants Committee.

General Fund

This fund comprises the accumulated net surpluses of the Foundation that have not been restricted by donors or designated by the Governing Body for specified purposes. It provides:

- Working capital for the Foundation's operations
- A source of income to contribute to financing the work of the Foundation
- Assurance of financial stability to complete major projects

Special Purpose Funds

- *Irwin Isdale Memorial Fund* – this fund commemorates the work of the late Dr Irwin

Isdale in the field of rheumatology by providing support for rheumatology trainees to help them attend rheumatology conferences and meetings in Australia and New Zealand.

- *Whitwell Bequest Fund* – this fund originated in 1983 from a bequest from the estate of Mrs Whitwell and is held to support the Foundation's services in the Canterbury/Westland region.
- *Pierce Bequest Fund* – this fund was established from a bequest from the estate of Mr. A. G. Pierce and is held to support the Foundation's services in the Putaruru region.
- *Ham Bequest Fund* – this fund has been established from a bequest from the estate of Ms H.B. Ham and is held to support the Foundation's services in the Northland region.
- *Taranaki Youth Scholarship Fund* – this fund was established by the previous Taranaki Division to assist young arthritis sufferers from the Taranaki region with their education.
- *Wellington Education Fund* – this fund was established by the previous Wellington Division to assist young arthritis sufferers from the Wellington region with their education.

Endowment Fund

This fund has been established by the Governing Body to provide a long-term facility to accumulate reserves and ensure financial stability for the Foundation.

	2017	2016
Appropriations to/(from) Special Purpose Funds:		
Share of investment returns for the year	57,546	61,600
Distribution from Ham Estate credited to Ham Bequest Fund	-	9,362
Appropriation from Ham Bequest Fund for services in Northland	(43,514)	(46,601)
Appropriations from other funds	(9,454)	(11,180)
	4,578	13,181
Appropriations to Endowment Fund:		
Share of investment returns for the year	42,368	44,085
Appropriation from surplus for the year	-	-
	42,368	44,085
Total appropriations from General Fund	46,946	57,266

10. EMPLOYEE BENEFITS

	2017	2016
Current		
Payroll accruals	36,555	34,824
Liability for holiday pay	63,433	111,977
	99,988	146,801
Non-current		
Liability for long-service leave	4,792	5,640
	104,780	152,441

11. TRADE AND OTHER PAYABLES

Trade payables	129,778	100,333
Non-trade payables and accrued expenses	79,265	69,584
	209,043	169,917

12. REVENUE IN ADVANCE

Grants from the community	24,231	49,024
Grants from New Zealand Lottery Grants Board	124,704	182,450
Grants from other government agencies	5,147	-
Membership subscriptions	19,134	3,552
	173,216	235,026

Revenue in advance includes grants awarded for specific purposes. Due to conditions of these grants being unfulfilled at 30 June 2017, in that the expenditure to which they relate is yet to be incurred, the amount is recorded as revenue in advance at 30 June 2017.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

13. CONTRIBUTIONS FROM THE COMMUNITY

	2017	2016
Revenue		
Donations, appeals and fundraising	721,916	670,269
General purpose bequests	380,054	695,745
Special purpose bequests	45,104	9,362
Grants from community trusts	300,666	515,001
Grants from NZ Lottery Grants Board	307,746	292,478
Grants from Community Organisation Grants Schemes	63,712	53,650
Grants from other government agencies	19,624	20,610
Sponsorship income	58,883	122,875
Total contributions from the community	1,897,705	2,379,989
Expenses		
Employee benefits	330,952	422,427
Advertising and direct marketing	323,291	216,783
Other fundraising costs	14,949	17,716
Total fundraising costs	669,192	656,926
Net contributions from the community	1,228,513	1,723,063

Contributions from the community to support the Foundation in pursuit of its mission are gratefully acknowledged. Gifts of money and property are included in the financial statements. Support is also given through the provision of services at special or discounted rates.

The Foundation gratefully acknowledges a general purpose bequest of \$122,410 from the estate of the late L. Cairns.

The Foundation also relies on gifts of volunteer time and expertise to complete work in many essential roles such as national governance (Board and committees), regional liaison groups, promotion, fundraising, investments, administration, accounting, awards and grants. No attempt has been made to record the value of these contributions.

Sponsorship income is received as part of co-operative projects completed with other organisations.

14. SERVICES AND PROGRAMMES

	2017	2016
Revenue		
National health contract income	376,839	376,839
Other contract income	301,073	280,739
Client service charges	63,840	84,632
Other income	50,620	43,431
Total income from services and programmes	792,372	785,641
Expenses		
Employee benefits	1,021,864	1,051,731
Arthritis information resources	41,885	29,423
Volunteer coordination and development	31,687	51,143
Public awareness campaigns	32,816	70,314
General awareness and newsletters	68,633	56,234
Service delivery direct costs	268,009	353,944
National conference	–	76,952
Service delivery support	165,331	196,742
Total cost of services and programmes	1,630,225	1,886,483
Net cost of arthritis services and programmes	(837,853)	(1,100,842)

The Foundation is contracted nationally to the Ministry of Health through the Capital & Coast DHB to provide arthritis information services.

15. ADMINISTRATION EXPENSES

Audit fees	23,625	23,625
Advisory fees (2016: KPMG)	32,624	95,743
Employee benefits	855,385	929,657
Legal expenses	6,558	14,517
Property and office expenses	219,175	293,215
Communications expenses	32,501	24,975
Travelling expenses	37,594	32,453
General administration expenses	48,553	48,579
	1,256,015	1,462,762

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2017

16. NET FINANCE INCOME

	2017	2016
General funds		
Dividends	72,449	80,045
Interest income	62,106	90,874
Profit on disposal of investments	91,375	134,104
	225,930	305,023
Research funds		
Dividends	83,134	98,342
Interest income	46,632	43,383
Profit on disposal of investments	106,155	198,030
	235,921	339,755
Net finance income	461,851	644,778

17. IMPAIRMENT OF INVESTMENTS

General Fund	9,125	8,831
Research Fund	1,126	12,403
Total impairment of investments	10,251	21,234

18. RECONCILIATION OF SURPLUS/(DEFICIT) TO NET CASH FLOWS FROM OPERATING ACTIVITIES

Surplus/(Deficit) for the year	(651,141)	(536,081)
Adjustments:		
Depreciation	84,529	72,847
Impairment of investments	10,251	21,234
Net finance income	(461,851)	(644,778)
Loss/(Profit) on disposal of property, furniture and equipment	1,682	(1,000)
	(365,389)	(551,697)
Movements in working capital and liabilities:		
Decrease in trade and other receivables	3,585	7,757
Increase/(Decrease) in liabilities	(70,344)	(395,073)
	(66,760)	(387,316)
Net cash inflow/(outflow) from operating activities	(1,083,290)	(1,475,094)

19. OPERATING LEASES

Leases as lessee

Non-cancellable property lease rentals are payable as follows:

Less than one year	77,276	93,818
Between one and five years	319,525	321,776
More than five years	75,025	75,025

20. CONTINGENCIES

There are no material contingent liabilities at the end of the reporting period.

21. SUBSEQUENT EVENTS

There have been no significant events after the end of the reporting period that have affected the accuracy of these financial statements.

GRANTS & BEQUESTS

We are grateful to the many trusts, foundations, individuals and their families who continue to give generously to Arthritis New Zealand. Our work is only possible with your support. Thank you for helping us improve the life of every person with arthritis.
